

ASP FACTS

FEATURE: Detachable Keyring

ADVANTAGE:

Extreme strength is combined with precision fit and an integral hold-open device in the ASP Detachable. The design allows rapid attachment and removal of keys from a variety of ASP keyring products.

SPECIFICATION:

- Precision machined
- Solid brass
- Hold-open feature
- Simple mechanism
- Extreme strength

PERFORMANCE:

The ASP Detachable may be readily attached to a variety of ASP Defenders. Keyrings can be easily removed and transferred from one baton to another.

SALES STRATEGY:

Compare the features and extreme strength of the Detachable to other mechanisms on the market.
