

ASP FACTS

FEATURE: Cuff Case Key Pocket

ADVANTAGE:

All ASP handcuff carriers provide secure retention of an emergency key for the officer. The Key Pocket is placed out of sight on the back of the belt loop. The key is easily accessed by the officer, yet it is not apparent to the general public. The key may be readily removed. It is not tied to the operator or the equipment. Each ASP Cuff Case includes the distinctive forged ASP Pentagon Handcuff Key. The key is BackSet® for easy keyway location and insertion.

SPECIFICATION:

- Secure key retention
- Out of sight
- Located on the belt loop
- Easily accessed
- Readily removed
- Not tied to the officer
- Includes a forged Pentagon Key

PERFORMANCE:

The Key Pocket securely retains an emergency handcuff key that is hidden, yet readily accessible. The included ASP Pentagon Key is forged and BackSet.

SALES STRATEGY:

Demonstrate the security of the Cuff Case Key Pocket. Show how the key is hidden from view, yet it may be readily accessed by the officer in an emergency. Explain the benefits of the BackSet, forged, heat treated Pentagon Handcuff Key.
