

ASP FACTS

FEATURE: Acrylic Displays

ADVANTAGE:

Acrylic Displays provide an attractive, compact and highly visible means of organizing, displaying and demonstrating ASP products. Each crystal clear display is engraved with the category of product that it presents.

SPECIFICATION:

- Crystal clear acrylic
- Identified by product category
- Custom designed for each product
- Small footprint
- Attractive
- Organizes the category
- Facilitates product presentations
- Well suited to trade shows
- Ideal in a showcase
- Excellent on a table top
- Perfect for in-store use

PERFORMANCE:

Acrylic Displays organize and present more product in a smaller space than any comparable exhibit. They focus attention on ASP designs while also providing a professional means of organizing, displaying and demonstrating a category of ASP products.

SALES STRATEGY:

Acrylic Displays are furnished free of charge with the purchase of one set of products for the display. Demonstrate the compact size, ease of presentation and effortless organization provided by Acrylic Displays.
