

# AGENT™ BATON

The combination of discreet concealment and rapid presentation make the Agent Baton an ideal impact weapon for administrators, investigators and undercover operatives. The baton incorporates a 4140 steel striking surface. The 7075 T6 aluminum middle shaft and finely knurled clip ring grip are forged to shape and then precision machined. The shafts of the Agent Baton are Black Chrome plated.

The Agent Baton expands to a 16 LeverLoc.® It has the form, fit and striking potential of a duty baton. The reduced diameter, low profile grip of the Agent may be concealed inside the waistband or worn on the belt. The Snap-Loc™ Clip may be adjusted to a variety of positions along the handle to enhance concealment or ease of presentation. As with all LeverLoc Batons, the Agent is retracted with a simple twist.

# Agent Baton

## Background

Custom formulated tubing  
High strength  
Custom drawn

## Specifications

Retracted Length	7.75"	19.69 cm
Expanded Length	15.75"	40.00 cm
Diameter	.875"	2.22 cm
Weight	7.3 ounces	207 grams
Locking System	LeverLoc®	

## Steel Tubing

4140  
49-57 RC  
240,000 PSI tensile  
225,000 PSI yield

## Aluminum Tubing

7075 T6  
87 RB  
83,000 PSI tensile  
73,000 PSI yield

## Striking Surface

4140 steel  
Black Chrome plated

## Middle Tube

7075 T6 aluminum  
Black Chrome plated

## LeverLocs

High carbon steel  
Heat treated  
Electroless Nickel plated

## Tube Stops

High carbon steel  
Heat treated  
Electroless Nickel plated

## Tip

Carbon steel  
Black Chrome plated

## Locking System

Lever controlled lugs  
Eccentric cam groove

## Grip

Crosstec knurling  
Fine line knurling  
Spiral micro grooves  
Machined clip rings  
One inch on center  
Hardcoat anodized

## Cap

Black Chrome plated  
O-ring sealed

## Snap-Loc Clip

.040 thick  
Heat treated spring steel  
Black Chrome plated

**Crosstec Knurling** on the Agent Baton provides a secure grip without causing abrasion.

**Maintenance Kits** are available to service your Agent Baton.

Carry your Agent™ Baton in your pocket, on a dress belt or inside your waistband.

**Retract** your Agent Baton by stabilizing the end tube. Rotate the middle tube clockwise while pressing the end tube inward. Then stabilize the middle tube. Rotate the handle while pressing the middle tube inward.

**Snap-Loc™** clips are removable.
