The **Safety** (shown in the **off** position, ready to activate) is rapidly released.

Background

- Designed to professional law enforcement standards
- Aerospace aluminum construction
- Precision machined
- No sharp edges
- O-ring sealed
- Interchangeable components
- Replaceable aerosol Inserts

Specifications	Palm	Key	Street
Length	4.5"	5.75"	6.5"
Diameter	0.625"	0.625"	0.75"
Weight	1.8 ounces	2 ounces	3 ounces
System	Straight line activation		

Body

- 6061 T6 aerospace aluminum construction
- Fine line knurling
- Bright dip industrial anodizing
- Optional textured powdered paint finish
- Optional electroless nickel finish
- Coated threads for durability

Safety

- Extremely secure
- Rapidly released
- Stainless steel hinge pin
- O-ring retained
- Replaceable safety
- Precision ground
- Injection molded Delrin®
- Wraparound design
- Positive activation blockage
- Non-engagement indication

Detachables allow convenient key separation.

Activation

- Keyring attachment
- Swivel design
- Solid brass actuator
- Requires two distinct movements to activate

Tip

- O-ring sealed
- Tapered stem seat
- Precision machined dispersion port

Cap

- O-ring sealed
- Blind hinge pin hole

Split Rings

- Progressively sized
- Extra heavy wire
- Heat treated for toughness
- Black chrome plated

Inserts

- Readily replaceable
- World's smallest aerosol cans
- Seamless aluminum
- Impact extruded
- Precision spring valve
- Extra long ferrule
- Gasket sealed
- Horizontal discharge
- Cone-shaped dispersion

Test

- Inert
- Training module

Heat

- Oleoresin Capsicum
- 2 Million Scoville Heat Units
- 10% formulation
- Optional custom formulations
- Laser engraved expiration date

Palm Defender Inserts

- 3 grams
- Three one-half second bursts
- Effective range three feet

Key Defender Inserts

- 4 grams
- Six one-half second bursts
- Effective range five feet

Street Defender Inserts

- 13 grams
- Thirty one-half second bursts
- Effective range ten feet

Repair

- Maintenance Kit

Warranty

- Limited Lifetime

Palm Defender Inserts

Defender Inserts are compact, easily replaced and date coded to assure reliability

Key Defender Inserts

Street Defender Inserts
