

# HANDCUFF KEYS

ASP Handcuff Keys are designed to withstand the rigors of long term duty use. Conventional keys are stamped from mild steel. They often break or twist off in a handcuff. These "key jammed" restraints create civil liability and must be destroyed to cut them from the subject's wrist.

ASP Handcuff Keys are precision molded from high strength stainless steel. Each key is heat treated for strength and finished in one of five attractive coatings. A hardcoat lacquer is baked on for added protection. The unique ASP BackSet® feature allows rapid location of the handcuff keyway.

ASP Logo Keys feature distinctive insignias, full color State Seals or custom agency logos.

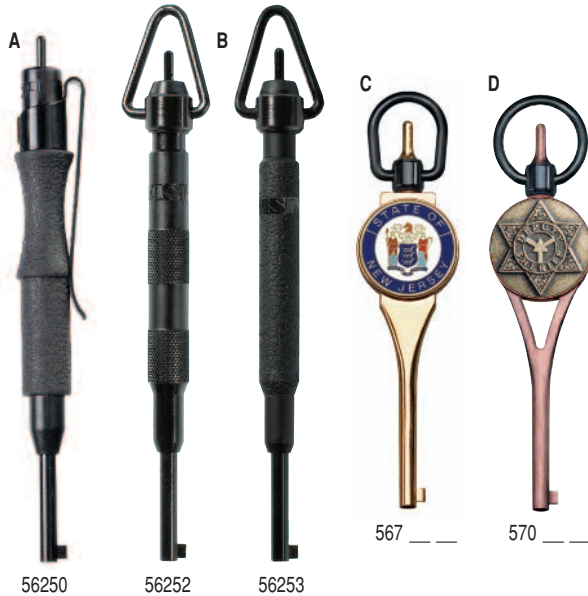

ASP Logo Keys feature premium quality die struck medallions and full color State Seals.

Distinctive custom logos are available in brass, nickel silver or color fill. They may be die struck on request for individual agencies or divisions. Custom logos are available with an order for 20 Guardian Keys or ASP Baton Logo Caps.

- BackSet Design
- High Strength Stainless Steel
- Heat Treated
- Optional Color Insignias

# ASP Handcuff Keys . . . as Tough as the Job

## A. Extended Clip:

A contoured polymer body with spring steel pocket clip and BackSet stainless key.

## B. Swivel:

A rugged, precision machined aluminum swivel body with an inset stainless key.

## C. Guardian 1:

A 360° swivel key combined with a premium quality die struck medallion.

## D. Guardian 2:

A top quality BackSet key with an inlaid die struck medallion.

The BackSet® design allows rapid location of the handcuff keyway.

Each key is fashioned from hammer forged, precision machined stainless steel, then heat treated for durability. ASP Handcuff Keys are the toughest in the industry.

## It's a Matter of Pride . . .

Prestige® Logos add a mark of distinction to select ASP products. These jewelers brass, nickel silver and full color insignias are inset in ASP Handcuff Keys. Combine the first three numbers of the selected Handcuff Key with the two numbers of the desired Prestige Logo.
